

...for quick, clean & precise production

# Productivity Accelerated

The Dot-O-Matic™ from Glue Dots International takes productivity to a new level. With a semi-automated operation, the Dot-O-Matic™ can apply up to 60 GLUE DOTS™ per minute, speeding up any production line.

Application Roller

## Accelerate Automation

The Dot-O-Matic™ is easy to use. Simply press the item on to the application roller, and the Dot-O-Matic™ does the rest. The application roller senses pressure on the liner and automatically advances the GLUE DOTS™.

## Accelerate Productivity

The Dot-O-Matic™ makes short work of a variety of jobs in a variety of industries.

## Accelerate Versatility

The Dot-O-Matic™ can accommodate almost any object, from regularly shaped items to irregularly shaped items. The Dot-O-Matic™ easily applies GLUE DOTS™ to a variety of materials and shapes
